

GO-GO[®]
ELITE TRAVELLER PLUS

THE QUICKEST WAY
TO TRAVEL.

GO-GO ELITE TRAVELLER[®] PLUS

The **Go-Go Elite Traveller[®] Plus** was designed to bring travel scooters to a greater range of people than ever before. An increase in length and width, and a weight capacity of 147 kg combine with a wraparound delta tiller to allow both the larger individual and those with limited dexterity to experience the benefits of a travel specific mobility product for the first time. Feather-touch disassembly makes the Go-Go Elite Traveller Plus the easiest travel scooter to take along anywhere.

Blue

Red

Silver

3 sets of exciting colours with every scooter!

¹ Due to manufacturing tolerances and continued product improvement, this specification is subject to a variance of +/- 3%.

² Speed and range vary with user weight, terrain type, battery charge, battery condition and tyre pressure.

³ AGM or gel-cell type recommended.

⁴ Battery weight may vary based on manufacturer.

The information contained herein is correct at the time of publication; due to Pride's commitment to constant improvement and development, we reserve the right to alter specifications without prior notice.

Theoretical range is calculated under test conditions in accordance with European standards. Actual range in normal use will depend on many factors, including the condition of the vehicle and its batteries, the weight of the driver, correct tyre pressures, ambient temperature, and the gradient and surface of the road or pavement.
